

SPI MEETS IN SOFIA
Joint Conference: EuroMed SPI & CEE SPI
& USAID / RCI Regional Workshop
18th - 20th October 2010, Sofia, Bulgaria

MONDAY 18th OCTOBER

CONFERENCES PROGRAMME

TUTORIALS

9:00	Looking for my fittest process' model Enrique Morey European Software Institute (ESI) Spain	Managing a Technical Workforce: Building Process Capability Requires Developing Capable People Gian Wemyss Software Engineering Institute (SEI) USA
12:00	<i>LUNCH</i>	
13:30	Opening remarks	
14:00	KEYNOTE	
14:00	Dr. Paul Nielsen, Director and CEO, Software Engineering Institute (SEI) "Taming Complexity"	
15:00	<i>BREAK</i>	
	Track 1	Track 2
	Agile practices and CMMI	Product lines
15:15	Agile-of-the-shelf: techniques for lean software product lines Kiril Karaatanassov and Igor Stoyanov VMware & ESI Center Bulgaria	Sweet Spots of Process Discipline and Software Product Lines Paul Clements Software Engineering Institute (SEI) USA
16:00	Optimizing the software development process by integrating Agile methods with CMMI model Tsvetelina Kovacheva Musala Soft Bulgaria	The Product Line Unified Modeler Approach to Software Product Lines, market experiences Joseba Laka European Software Institute (ESI) Spain
16:45	<i>BREAK</i>	
	Six sigma for Software Engineering	Effective SPI - 1
17:00	Six sigma in software process Georgi Tsonev Johnson Controls Electronics Bulgaria EOOD Bulgaria	Towards an Effective Process Improvement Platform: Spago4Q and the QEST nD Model Luigi Buglione, Ernesto Damiani and Frati Fulvio Fulvio 1Engineering Group & Università degli Studi di Milano Italy
17:45	Application of Six Sigma and Psychometric studies to requirement specifications Radouane Oudrhiri Systonomy UK	Challenges and misconceptions of SPI in very big and very small organizations Katalin Balla SQI Hungary

TUESDAY 19th OCTOBER

9:00	KEYNOTE	
	Ralph Mueller, Director, Eclipse Foundation "Eclipse - an Open Source Innovation Network"	
10:00	<i>BREAK</i>	
	Track 1	Track 2
	Metrics and Software Quality	Effective SPI - 2
10:15	If software quality is so important, why is it so often ignored? Hans Sassenburg Se-cure Switzerland	CMMI DEV can work for us- SINFIC, SA Case Study Isabel Ferreira SINFIC Portugal
11:00	Measurement and Analysis, where do I start? Enrique Morey European Software Institute (ESI) Spain	Improve Software Development Processes Using Kaizen Irina Secuiu Freescale Semiconductor Romania
11:45	<i>BREAK</i>	
	Human factors	Best practices
12:00	Developing skills for software engineering in Europe John O'Sullivan UK	Practical Approach to Functional Testing for SMEs Yasser Ghanim, Hossam Osman and Gamal Aly SECC Egypt
12:45	Managing Change: the Human Factor in Process Improvement Initiatives Christophe Debou KUGLER MAAG CIE Poland	PMO: getting projects under control quickly via putting in place minimum set of processes Hrayr Ter-Nikoghosyan National Instruments Armenia Armenia
13:30	<i>LUNCH</i>	
15:00	PANEL: Business Benefits for SPI	
15:00	Process Improvement in Times of Crisis: Mission Impossible? Christophe Debou KUGLER MAAG CIE Poland	Measuring ROI for Process Improvement – Industry Results Jay Douglass Software Engineering Institute (SEI) USA
	Are the IT Mark and CMMI useful for the business? Oleg Macari F-line Technologies Moldova	Innovation, Investigation , Development, Technology, Clustering, Competitiveness ; six edges of a bucket dimensional required by the society Luis Jimenez ESI PC LA Chile
16.30	<i>BREAK</i>	
16:45	PANEL: Donors support programs for regional capacity and competitive IT brand	
18:00	CONFERENCES CLOSURE	
19:30	GALA RECEPTION. Place: Archeological Museum – 2, Saborna Street (Presidency Square)	

WEDNESDAY 20th OCTOBER

USAID / RCI Regional Workshop

“Building Regional ICT Competitiveness”

“BY INVITATION ONLY”

SPI MEETS IN SOFIA
Joint Conference: EuroMed SPI & CEE SPI
& USAID/RCI Regional IT Quality Workshop
18th - 20th October 2010, Sofia, Bulgaria

The Joint CEE-SPI & EuroMed-SPI Conference 2010 is organized by:

Hosted by:

In collaboration with:

Supported by:
